Most people think that taking IELTS certificate is difficult and reading is the most complicated part of it. So, they may not achieve good results because of their opinion. But on the other hand, if they know about some methods for working on reading texts, it does not make problem. In addition, students may have opportunity for increasing their understanding, imagination and horizons by improving reading skill. There are some methods which are helpful for rising reading skill in this paper.

To begin with, learning foreign language in order to get high score in IELTS for different purposes is being popular among youngsters. English is taught by dividing 4 main skills. They are reading, writing, listening and speaking. Reading is an essential part of learning English languages. When students understand the meaning of what they read, there is a chance for getting high result in every section of IELTS. In that condition they need improve their source of vocabulary and comprehension skill by reading books.

It is true that we can not imagine learning foreign language without learning by

heart new words. In that time most youngsters make some mistakes during study. First time they want to have knowledge without learning words. But when students try to learn all new words on reading paper after doing first time, and after repeating this again and again, they have knowledge about most vital synonyms and antonyms will be familiar with reader. As Steven Stahl (2005) puts it, “Vocabulary knowledge is knowledge; the knowledge of a word not only implies a definition, but also implies how that word fits into the world.” If teenagers understand meaning and form of words, they have knowledge about the usage of words. There are some useful methods for improving vocabulary.

Stickies everywhere

Using “Stickies everywhere” is one of the most successful way for improving vocabulary. It helps to keep the words in mind easily. While writing words on sticky notes, brain tries to learn words as possible as. After looking them on the walls, shelves brain starts to rise source of vocabulary. This method is very convenient for visual learners.

Write it down

Writing down a word which is unfamiliar (or ideally, a sentence using the new word) helps to understand its meaning and spelling in memory. Making the sentences about you or someone you know is also the best way to keep the new words in your brain.

Moreover, having knowledge on comprehension plays significant role in reading passages. It is not easy to get high score in reading part of IELTS exam.” Reading comprehension is a fundamental cognitive ability for children, that supports school achievement and successively participation in most areas of adult life.”(Hulme and Snowling, 2011) In order to increase comprehension, teenagers should read different types of novels and articles.

Reading books can lead people to new world where person may feel together with characters of book. There are some advantage sides that effect reader’s mind, body and soul. It is beneficial for thinking healthy and being strong. Reading books can also enhance creativity and imagination. It helps to understand life from another

place. In addition, it can be beneficial for broadening outlook.

Comprehension is the ability to know about meaning of something what reader read. Comprehension includes understanding, analyzing and synthesizing text. Additionally, while reading books individuals can learn to understand sentence structure, word formation. By improving comprehension can have ability for the meaning of text. In that time there is no another obstacle for get good result.

To conclude, being educated is being famous over the world. Everybody has a chance to try. Teenagers should make good preparation and pay more attention and power for reading section of English. It takes long time. But it is much more essential thing of learning foreign language.
