ABSTRACT: Honor of independence and President I. Thanks to Karimov's wrestling, Uzbek wrestling gained a global status. President I.A. Karimov said, "Today, the work of Uzbek wrestling, which has been the pride of our people since the dawn of time, entered the western arena, and its recognition made us happy."

In 1992, the labor force performing this process — The National Wrestling Federation was established. of the Federation of wrestling enthusiasts, whose legal documents have been confirmed A meeting of the stakeholders was held. In general, the development process of the Uzbek country consists of several stages.

Keywords: several, wrestling, honest, side, polvon, chala.

The first phase included the years 1992-1998, and its purpose was to create a foundation for the formation of wrestling as a sport and its internationalization. for this, first of all, it consisted in implementing new rules of struggle and spreading them in the countries of the world.

The rules of wrestling were developed in a simple and simple way based on the traditions, customs, terms used by our ancestors. With Polvon, his positive behavior is appreciated by the use of the terms "halol", "side", "chala" and is quickly and easily reconciled by the audience. Most importantly, for the first time in the history of the sport, the introduction of age categories from 6 to 65 years old and older hurt the reputation of wrestling, as many older wrestlers had given up hope of competing.

Based on these creeds, from 1992, prestigious international competitions were started in memory of wrestlers and great scholars of our national struggle. The international tournaments held for the Presidential Prize named after Tursun Ota in Korakul, Amir Temur in Shakhrisabz, Hakim Termizi in Surkhandarya, Bakhovuddin Nakshband in Bukhara, Babur Mirzo in Andijan, and Pakhlavon Mahmud in Khorezm made a great contribution to raising Uzbek wrestling to a high level and becoming a new sport in the world of sports. Of course, it was not enough to take our struggle to the world stage, to introduce it to the world. For this reason, wrestling experts and enthusiasts at major sports conferences held in countries such as South Korea (1992), Canada and Lithuania (1993), Japan (1994), Ireland and India (199!), Atlanta (1996), Russia and Monaco (1998) gathered fans gave detailed information about Uzbek wrestling and performed demonstrations.
